

# TRAIN<sup>2</sup> NANOSCIENCE INTERNATIONAL CONFERENCE

A high level scientific conference to present the latest advances in the areas of Nanosciences and Nanotechnology internationally and in the SUDOE region

**November 22nd, 2012**  
Barcelona - World Trade Center

# TRAIN<sup>2</sup> NANOSCIENCE INTERNATIONAL CONFERENCE

The Train<sup>2</sup> project (Trans Pyrenees Action on Advanced Infrastructures for Nanosciences and Nanotechnology) aims to establish SUDOE region as a leading environment for research, innovation, and training in the fields of Nanosciences and Nanotechnology. Within this framework, the project organizes a high level scientific conference to present the latest advances in the areas of Nanosciences and Nanotechnology internationally and in the SUDOE region.
