

A growing network

IMMUNONET started originally with a group of 9 core partners and 3 associated partners.

We are proud to say we are now a big network with a total of 24 members consisting of Partners, Associated Partners and Collaborators.

And this figure is only growing!

How do we do it?

The way we evolve ou network:

- Researchers mobility
- Workshops
- Courses
- Further education of young researchers
- Knowledge transfer
- Cutting-edge research

Scientific advances

What we work on:

- New clinical trials
- New model of diseases (multiple sclerosis, parasitic infections)
- Nanovaccines
- Therapy in allergy
- Creative and novel antibodies
