Gerencia de Atencion Primaria
Calle Santa Elena s/N, 49007 Zamora

Time	Session	Speakers
09:00 09:30	Reception	
09:30 10:00	Welcome. Introduction to the eRESATER knowledge Network and meeting contents.	<p>Pablo Gómez, Managing Director of INTRAS Foundation</p> <p>Olivier Rey, Director of Syndicat mixte du Pays Couserans, e-RESATER project coordinator</p> <p>Member of Castilla y Leon Junta</p>
Workshops:		
<ul style="list-style-type: none"> • Objective: To offer an up to date overview of innovative initiatives about integrated mental healthcare. These national and international initiatives will be presented during the meeting through healthcare models, case studies, best practices and projects, according to a thematic structure organized in three workshops. • Workshops development: This workshop will begin with the presentations of experiences in implementing innovative solutions and models to promote the social-health integration in Mental Health. Then, illustrative projects and European and national best practices will be presented. Finally a workshop on technology assessment in this field will take place. Discussion among participants about barriers and opportunities found into the different explained cases, projects and initiatives will be encouraged. • Results: The exchange of ideas and experiences also enriched through digital media and forums enabled for the event, will be useful to develop a handbook about eRESATER knowledge network that will be published at the end of 2014. This exchange of experiences will carry on during the 3rd Meeting of the eRESATER Knowledge Network that will take place in June 12th in Barbastro under the topic "Integrated care for Chronic Patients"
